

HER Faith Ministries, Inc., provides spiritual guidance and care, outreach support, and basic human service assistance to people in need. Specifically, HER Faith serves the needs of women and children in Memphis and Shelby County in the following ways:

Temporary Housing. The ministry provides a home for women and children in safe, affordable and secure housing. A fully-furnished, shared residence is available to families (mothers with up to two children). Families share common areas of the residence. The ministry provides emergency food, clothing, bedding, and other household items. The ministry house is funded through individual donations, contributions from the faith community and the minimal gifts from residents. This service is offered in partnership with the YWCA.

Emergency Food. HER Faith Ministries maintains a food pantry stocked with non-perishable items. The ministry also supports community outreach efforts to feed the homeless.

Volunteers sort donated clothing

Our donors ensure that needy families receive appropriate clothing for all seasons.

Clothes Closet. The ministry maintains a fully-stocked clothes closet consisting of clothing for the entire family (men, women, children and baby clothing).

The Ministry accepts all types of clean clothing in good condition which can either be recycled through use by needy families or offered at a minimal cost in quarterly yard sales which serve as fundraisers to help to offset ministry costs.

Transportation Assistance. Many families do not have personal automobiles. They must therefore rely on public transportation. Through the generous gifts of our Board of Directors, friends, and supporters of the ministry, we are able to assist mothers with children in purchasing bus passes for public transportation to and from work, to various social service agencies, to school, and other business concerns.

Prison Outreach. For more than six years, the Ministry has provided spiritual guidance and support to incarcerated women and those who have been released from prison and/or jail. Many times, ex-offenders find it difficult to make the transition back to communities, homes, and prior relationships which can bolster their re-entry and help to ensure a successful and permanent return to home.

Community Outreach. HER volunteers support the community in various ways. For example, we secured air conditioners for needy families over the extremely hot summer months.

HER Faith Ministries, Incorporated is a 501 c3 public charity that exists to provide spiritual guidance/support and outreach assistance to needy families, and particularly, women and children in Memphis and Shelby County.

Mission

The Ministry exists to extend the love of Jesus Christ to the downhearted and disenfranchised; to empower and strengthen those who are left behind; and to revive and renew the spirit of those whose spirits have been broken.

Vision

To reduce the number of homeless women and children in our communities;

To reduce the incidence and prevalence of substance abuse and its related consequences;

To reduce the incidence of pregnancy among teenagers and other young women who are ill-prepared to become mothers;

To increase the number of young women who hear the gospel message, and thereby, seek to change their lives.
